

Aurora: Afrika **A limited and numbered edition inspired by** **one of the most fascinating continents on Earth**

This limited edition in marbled “**land-of-Afrika**” and **gold**, inspired by the African continent, is dedicated to all lovers of writing and the most demanding collectors.

These prestigious Aurora jewels are available in a **warm mix of earthy colours** that evoke the atmospheres of **Africa**: from the Savannah, Serengeti, Sahara, Kilimanjaro, to the Pyramids and the vast expanses of dunes that so characterise the continent.

This limited edition includes only 7,500 numbered fountain and ballpoint pens, 5,500 rollerball pens, 2,500 mechanical pencils and just 999 numbered pieces of the innovative Sketch pen.

Each Afrika pen features a **precious Onyx** set in its glossy black head and a **jewel clip** with the profile of the African continent engraved on it. Both the cap and the barrel are in marbled “**land-of-Afrika**” resin with **gold plated trims**. The barrel is decorated with precision-casted, gold-plated rings, on which are engraved shields and symbols inspired by **African Art**.

The fountain-pen is distinguished by an **18 kt solid gold nib** and by the traditional **hidden reservoir piston recharging system**. The ballpoint pen is operated by a screw turn mechanism and the pencil by a **rotating mechanism** that allows the progressive advance of the lead.

A collection that combines precious materials and quality artisan finishings and which expresses its originality through both its materials and its colours.

Aurora, is a leading company in the production and sale of quality writing instruments and fine leather goods. Founded in Turin in 1919, Aurora has become part of the history of writing instruments, thanks to its ability to combine leading edge design and the best Italian craftsmanship. A rich cultural legacy and a long tradition of success have made Aurora's writing instruments and leather goods true masterpieces of Italian craftwork, recognised and esteemed the world over.
