

Aurora: Mini Optima **Elegance and style to hold**

In the wake of the success of the Optima, the pen that made history in the Thirties, Aurora presents its **Mini Optima** collection, even more elegant and stylish in the new mini version. The innovative “**all black**” version accentuates the refinement of its lines and its compact size means it fits perfectly into a handbag or organiser, making it a winner with the **ladies**.

Mini Optima is available in the **variegated burgundy auroloid** version with chrome-plated trims and now also in the **new black resin** version. It comes in the fountain pen, ballpoint pen, rolling ball pen and sketch pen versions.

In the former the cap and barrel are made of variegated burgundy auroloid, in the latter they are in black resin. Both versions feature chrome-plated trims. The fountain pen has a 14 Kt. solid gold **nib** and is available in the fine, extra-fine, medium or broad sizes. For **left-handed writers** Aurora has developed a range of nibs with an oblique profile, to make writing easy and pleasurable. The **sketch pen**, with its rounded shape, looks and feels good and features a twist mechanism that propels the lead gradually.

The pens come in a refined velvet **presentation case** that complements the personality and style of the precious instruments it holds.

Aurora is a leading company in the production and sale of quality writing instruments and fine leather goods. Founded in Turin in 1919, Aurora has become part of the history of writing instruments, thanks to its ability to combine leading edge design and the best Italian craftsmanship. A rich cultural legacy and a long tradition of success have made Aurora's writing instruments and leather goods true masterpieces of Italian craftwork, recognised and esteemed the world over.
